

# **Juvenile Practice County By County (Delinquency)**

In an effort to provide both a “cheat” sheet of sorts for lawyers who are new to juvenile practice in your county and with the hope that we might all get new ideas for ways to improve juvenile practice throughout the state, I came up with these questions regarding juvenile proceedings. My plan is to gather answers from each of the counties and include this information on the Juvenile Practice website for staff attorneys to use as a resource, and have handouts of the information at trainings. This information should provide a good overview of juvenile practice for staff attorneys and private bar attorneys new to juvenile law.
